MBLEX TEST PREP

ABMP EXAM COACH TRACKER INSTRUCTIONS

"I found ABMP Exam Coach to be challenging and very helpful for my MBLEx test preparations. The format was almost exactly like the actual test and so was the timer. It helped me realize my strengths and weaknesses; in turn, it helped me understand concepts I needed to know. Five-Minute Muscles was another excellent way to brush up on the knowledge that I had, and the palpation videos helped me immensely."

Let's get started! 

LOG-IN PROCESS

Step 1

Log in to your school's ABMP Exam Coach account via www.abmp.com. Refer to your ABMP Exam Coach welcome email for log-in credentials.

Step 2

From the School home page, click on the “ABMP Exam Coach Tracker” link under Quick Links on the left-side navigation. (If you do not see this link, please contact your liaison.)

Step 3

This will open the ABMP Exam Coach Tracker data for your school.

Are you submitting your rosters regularly?

Make sure your students can use ABMP Exam Coach as soon as possible and submit your Excel order form to studentorders@abmp.com.

ABMP EXAM COACH TRACKER DASHBOARD

The landing page for Exam Coach Tracker looks similar to the image below. (1) All of the current cohort groups are listed in the left-hand navigation. Additional features, covered later in this guide, include the Search feature (2) to quickly find specific students, and the Calendar feature (3) to find students who have graduated within the last 364 days.

Click on the School's name (1) to see the high-level view of campus activity.

The example above tells us this:

- **Quizzes Passed/Taken:** 11,558 of the 14,330 quizzes taken have a passing score for an overall campus pass rate of 80%
- **Practice Exams Passed/Taken:** 65 of the 80 exams taken have a passing score for an overall campus pass rate of 81%

To “drill down” for more details, click a chosen cohort group in the left-hand side navigation. ABMP Exam Coach Tracker allows you to drill down into the data, all the way to each individual student’s progress (see page 7).

TRACKING CLASS COHORT PERFORMANCE

Click a cohort group to see student user data for everyone in a specific class. Once you open the cohort, you will be able to track overall performance for a particular class. Clicking on the student name will allow for a deeper dive into more detailed individual student performance.

Cohort View

Here's the information you can see about each class:

- **High-level graphics view** of a cohort's overall progress with quizzing and practice exam data.
- **A student list displayed with color coding and bar graphs** to quickly identify student usage, the most recent practice exam taken, graduation dates, and Exam Coach expiration dates for easy reference.
- **A "key" icon to use if a student is having log-in challenges.** If you hover over the key icon next to a student's name, it will allow you to see the email ABMP has on file for the student, which is required for logging into the student's ABMP Exam Coach program. If a student is having trouble logging in, check here first to verify the email is correct. If it is incorrect, contact the ABMP membership department (800-458-2267 or studentorders@abmp.com) with a request to update the email address.

The example shown above is for the class that started 2020-01-15. We see they have passed 5,496 out of 6,780 quizzes (81%), and they have passed 64 of 79 practice exams taken (81%).

Tip

The only time it is necessary to contact us to intervene with the log-in process is if the email listed in Exam Coach Tracker is incorrect, or you do not have an active student listed in your Tracker view. If either of these issues occurs, please email us at studentorders@abmp.com.

TRACKING INDIVIDUAL STUDENT PERFORMANCE

Student Level Data

Here's where you can learn about each student's ABMP Exam Coach usage. These tools include:

(1) Easy-to-read graphics, including a trend line for the student's most recent practice exam scores.

(2) Expandable Subject data: Top-level data shows the 10 main subject areas with progress (i.e., Anatomy & Physiology, Ethics, Pathology). The next level includes progress within the 74 sub-topics available for study in ABMP Exam Coach.

(3) Ability to identify areas of concern. Quizzing scores in Subject and Topic areas that have less than a 70% success rate are highlighted in red to help quickly identify potential challenge areas.

In the student example shown here, we see the student has passed 321 out of 405 quizzes taken (79%) and has been active in 71 of the 74 topics available (1). We can see a trending graphic of the most recent Practice Exam progress, which will show up to 15 of the most recent scores. In the Subject Breakdown section (2), we can drill down to all 74 topics with the date the student last visited a specific topic and how many quizzes with pass rates were completed in each topic. For instance, this student has passed a total of 19 quizzes out of 23 taken in Career Development (3), and they are doing well in most of the topics within that subject, with the exception of Private Practice, where they have only passed 57% of the quizzes taken.

Practice Exam Data

Here's where you can view detailed information regarding pass rates, as well as dates and timelines for Practice Exams taken.

- (1) Click on the Exam Detail tab** to see all Practice Exams that have been taken.
- (2) Score data includes color coding for quick analysis** of progress; exams are listed in order of the most recent taken
- (3) Expand the full exam timeline to see start date and time-to-completion data.** You can also see how the student progressed through the exam.

ADDITIONAL VIEWING TIPS

- (1) Want to remove a student from the view?** Simply click the “Hide Student” button from the individual Student View page. This is a helpful tool for a student who might be on a leave of absence.
- (2) You can export individual student data to Excel for grading/tracking purposes** by clicking the “Add to Export” button. See more information about this on page 10.
- (3) If a student has forgotten their password** or believes they didn’t receive their ABMP Welcome email, click the “Reset Password” button to instantly send a password reset email to the email address on file. **Please note:** the password reset link email will expire 1 hour after sending.
- (4) Extend a student’s graduation date and Exam Coach access, or drop a student.** Click the “Edit ABMP Details” button to send us an alert and new date information.
- (5) Want to return a student to the view?** Click the “Hidden Students” button on the Campus View page to see which students have been hidden. Click a student’s name to bring them back into view within their cohort.

EXPORTING DATA

ABMP Exam Coach allows you to export both class and individual data into Excel files for grading and tracking purposes.

When viewing a cohort group, click the green “Add Students to Export” button on the top right of the screen. You’ll see an export icon appear in the top left showing how many students are being exported.

The screenshot shows the 'ABMP Exam Coach Tracker' interface. At the top, there is a navigation bar with a home icon, a document icon with a red box around it, and a share icon. Below the navigation bar, the title 'ABMP Exam Coach Tracker' is centered. The main content area is titled 'Cohort View: Your School of Massage'. Below the title, there is a green button labeled 'Add Students to Export' with a red box around it and a red arrow pointing to it. The interface displays two progress bars: 'Quizzes Passed / Taken' (5,496 / 6,780 (81%)) and 'Exams Passed / Taken' (64 / 79 (81%)). Below these are two tables. The first table has columns for Student Name, Topics Quizzed, Quiz Counts, Most Recent Exam, Graduation, and EC Expiration. The second table has columns for Student Name, Topics Quizzed, Quiz Counts, Most Recent Exam, Graduation, and EC Expiration.

Student Name	Topics Quizzed	Quiz Counts	Most Recent Exam	Graduation	EC Expiration	
Student Name A	71 / 74	566 / 616 (91%)	8/4/20	80%	Dec 12, 2020	Mar 12, 2021
Student Name B	14 / 74	54 / 90 (60%)	None taken		Dec 12, 2020	Mar 12, 2021
